NEUTONIC ALLIES PROPOSE PEACE

German Chancellor Confirms Proposal

BERLIN, Dec. 12.—Berlin wireless reports say Chancellor von Bethmann-Hollweg in his address to the Reichstag yesterday today announced that Germany and her allies, "in accordance with their responsibility before God, before their own nation and before humanity," had proposed to the belligerent powers the following negotiations:

GERMANY TO OFFER FIGHTING

MILITARY, Dec. 12.—German troops against danger from American troops. German wireless has confirmed the possibility of receiving fighting units to prevent further the peace offer to be accepted.

FEWER BABES DIE IN N. Y. DURING 1916 THAN YEAR BEFORE

NEW YORK, Dec. 12.—Statistics from the New York City health department indicate that during 1916 the number of babies who died in New York City was 1,000, as compared with 1,050 in 1915. The decrease is attributed to the fact that the number of babies born in New York City during 1916 was 1,000, as compared with 1,050 in 1915. The decrease is attributed to the fact that the number of babies born in New York City during 1916 was 1,000, as compared with 1,050 in 1915.

WIMMY BOOGE WAGGES THROUGH ARCADE WINDOW

DAYTONA, Dec. 12.—A small boy named Wimpy Booge, who is about 10 years old, was seen today by a group of boys in the arcade window of the Hotel Clarendon. The boy was seen to be in the arcade window, and was seen to be in the arcade window. The boy was seen to be in the arcade window, and was seen to be in the arcade window.

GERMAN CHANCELLOR DELIVERS NOTE TO NEUTRAL NATIONS

PROPOSALS APPROPRIATE TO SECURE LASTING PEACE
United States, Switzerland and Spain Asked to Bring Note to Attention of Hostile Governments.

BERLIN, Dec. 12.—The wireless to Switzerland—Germany and her allies, Turkey, Bulgaria and Austria-Hungary, propose to enter forthwith into peace negotiations.

Chancellor von Bethmann-Hollweg today handed a note to representatives of the United States, Spain and Switzerland, the three neutrals protesting Germany's interests in hostile countries, and asked them to bring it to the attention of their governments.

The proposed peace also has been transmitted to the United States and other neutrals. Chancellor von Bethmann-Hollweg told the central powers that the proposition that French allies will bring their arms to the attention of the belligerent powers.

PROPOSED TERMS OF PEACE TO LEAVE EUROPE PRACTICALLY AS BEFORE WAR

WASHINGTON, Dec. 12.—A dispatch received by the German wireless today that the peace terms generally as proposed by Germany provide for the restoration of Europe to the status quo ante bellum, and for the restoration of the independence of the neutral countries of France and Belgium.

It is understood that the proposal comprehends the complete restoration of the occupied territory of Belgium and France, and for the restoration of the independence of the neutral countries of France and Belgium.

Washington Surprised at Peace Proposal

WASHINGTON, Dec. 12.—News of the German peace proposals were generally a distinct surprise here. No previous peace information had been received that the German peace proposals were so liberal.

The news was sent to President Wilson immediately. Secretary Lansing said that the president would make no statement until he had received the full text of the proposals.

PETS AUCTIONED TO PROVIDE FUNDS FOR THE WOUNDED

LONDON, Dec. 12.—A group of men were gathered in a room in London today to provide funds for the wounded. The men were gathered in a room in London today to provide funds for the wounded.

TEUTONIC ALLIES PROPOSE PEACE

German Chancellor Confirms Proposal

(The Associated Press.)

LONDON, Dec. 12.—A Berlin wireless report says Chancellor von Bethmann-Hollweg in his address to the German Reichstag today announced that Germany and her allies, "conscious of their responsibility before God, before their own nation and before humanity," had proposed to the hostile powers to enter into peace negotiations."

GERMANS TO CONTINUE FIGHTING.

LONDON, Dec. 12.—A Central News agency dispatch from Amsterdam says Emperor William has notified his generals to continue fighting until it is known whether the peace offer will be accepted.

PRISON INSPECTOR FINDS COUNTY CAMPS IN GOOD CONDITION

R. E. Tomlin, state prison inspector, was in Daytona today, having come from Deland last evening. His visit was to inspect the various state and county prison camps of Volusia county. Mr. Tomlin stated that he found the camps of Volusia county in exceptionally good condition and that the prisoners were well treated. Mr. Tomlin was formerly in the newspaper business, having been located for some years at Plant City, which city is still known as his residence.

AWAY HORSE CRASHES THROUGH ARCADE WINDOW

About 7 o'clock this morning a horse owned by James Bennett, of Beach street, frightened by an automobile, broke away from the harness of James Bennett, Jr., while in the Arcade building on North street and crashed through the glass window of the store occupied by Shulse & Oberlin. The horse was severely injured and seriously cut about the neck and broken glass. The horse showed fright at the accident, young James Bennett was thrown from the wagon to which it was attached and attempted to hold the horse by the bridle. This he was unable to do and was dragged almost under the window before the horse broke from him. The wagon struck the door of G. L. Johnson's store, smashing the show window and the horse, with the wagon attached, made its way home.

GERMAN CHANCELLOR DELIVERS NOTE TO NEUTRAL NATIONS

PROPOSALS APPROPRIATE TO SECURE LASTING PEACE

United States, Switzerland and Spain Asked to Bring Note to Attention of Hostile Governments.

(The Associated Press.)

BERLIN, Dec. 12.—(Via Wireless to Sayville)—Germany and her allies, Turkey, Bulgaria and Austria-Hungary, propose to enter forthwith into peace negotiations.

Chancellor von Bethmann-Hollweg today handed a note to representatives of the United States, Spain and Switzerland, the three nations protecting Germany's interests in hostile countries, and asked them to bring it to the attention of hostile governments.

The proposal has also been transmitted to the Vatican and all other neutrals. Chancellor von Bethmann-Hollweg told the neutral envoys that the proposition their Teutonic allies will bring forth are appropriate to lasting peace.

Semi-official news agency says the note will be read in the Reichstag by the chancellor today.

PROPOSED TERMS OF PEACE TO LEAVE EUROPE PRACTICALLY AS BEFORE WAR

WASHINGTON, Dec. 12.—Dispatches received by the German embassy indicate that the peace terms generally as proposed by Germany provide for the restoration of Europe in status quo as before the war with the exception of the establishment of the independent kingdoms of Poland and Lithuania.

It is understood that the proposals contemplate the complete restoration of the occupied portions of Belgium and France in return for the restoration to Germany of her captured colonies. The disposal of the Balkan situation is to be decided in peace conference.

LONDON SILENT ON PROPOSITION.
LONDON, Dec. 12.—The Foreign office declined to discuss Germany's peace proposal until the terms of it has been received.

CHANCELLOR EXPLAINS.
BERLIN, Dec. 12.—Chancellor von Bethmann-Hollweg announcing the peace proposals to the Reichstag today said that the German object of the proposition was to guarantee the existence of honor, and liberty of evolution for the four Central powers.

Washington Surprised at Peace Proposal

(The Associated Press.)

WASHINGTON, Dec. 12.—News of the Teutonic peace proposals was generally a distinct surprise here. No previous open indications had been received that the Central Powers were about to make any proposals.

The news was sent to President Wilson immediately. Secretary Tamm said that the president could make no comment until he learned how the Entente allies received the proposals. The state department and diplomats received the first information through Associated Press dispatches.

Officials assume that the nations addressed were merely asked to transmit the proposals. The United States will do this on receipt of official dispatches. Such notes are usually not made public. If the United States deems the proposal one upon which both sides might negotiate this government will probably urge that it be taken up.

PETS AUCTIONED TO PROVIDE FUNDS FOR THE WOUNDED

(The Associated Press.)

LONDON, Dec. 12.—In these days when nearly everybody is giving up something to the cause of the war, pet animals have played a prominent part as a form of war charity. People have given their dogs and cats to charitable institutions to be auctioned off to raise money for wounded soldiers. So many unsaleable pets have been offered as to make them a burden to the animal protection societies.

At a recent sale many of the cats and dogs were so old, decrepit and dirty that no bids could be obtained for them, and they were handed over to the societies to be put to death by gas.

Nothing adds so much to the value of advertising as the information about things worth advertising.

WILL ENTERTAIN EMPLOYEES OF DAYTONA PUBLIC SERVICE CO.

The employees of the Daytona Public Service company will be the guests this evening of George H. Ludwig, a director of the company, at the chicken dinner given by the ladies of the First M. E. church, in Epworth hall. Mr. Ludwig entertained the employees of the company in a similar manner last season.

KING CONSTANTINE ORDERS GENERAL MOBILIZATION

LONDON, Dec. 12.—The Greek king has ordered a general mobilization according to Swiss advices, says a Central News agency dispatch from Copenhagen.

STARK HERE; SAYS BUSINESS EXCEEDS PREVIOUS SEASONS

W. D. Stark, of Jacksonville, the popular traveling passenger agent of the Atlantic Coast Line railway, was a Daytona visitor for a few hours today. Mr. Stark says that the Coast Line has been running train No. 85 from New York to Key West in two solid sections on an average of three times a week for several weeks past, so heavy has the travel been. It is Mr. Stark's opinion that tourist travel thus far this season is fully 25 per cent ahead of the same period last year.

APPARENT GAINS FOR GERMANY SHOWN IN RUMANIAN CAMPAIGN

(The Associated Press.)

The Teutonic advance in Eastern Wallachia continues. The Rumanians are apparently maneuvering with a view of taking up defensive lines along the Buzeu, retrograd reports that the Teutonic attacks along the Moldavian frontier and in Wallachia had failed.

An unofficial dispatch says the Germans are transferring parts of their troops from Rumania to other fronts and that the situation there is becoming more favorable to the Entente. The German attacks near Lassing in the Somme section have failed, so Paris announces. Paris also announces that snow is hindering the operations of Monastir.

NEW CABINET FOR FRANCE COMPLETED

(The Associated Press.)

PARIS, Dec. 12.—Premier Briand announced today the reconstruction of the French cabinet had been completed and would be announced tomorrow.

The advertisement that claims more than the merchant can fulfill will kick back.

BUILDING BRIEFS

The large skylight at the Green Ad-
ler garage has just been completed
and installed by the Daytona Sheet
Metal works.

L. Z. Burdick's finishing carpenters
will have completed the new Christ-
ian Science church on the corner of
Live Oak street and Palmetto avenue,
at the end of the present week. No
arrangement for a formal opening
ceremony have yet been made.

The Daytona Sheet Metal works
finished six scrap cans for the city
to be placed at various points on the
main streets for the deposit of waste
paper and scraps. If these cans prove
satisfactory, the company will receive
a contract for a number of them.

Workmen of the Daytona Sheet
Metal works were engaged Monday
in putting in the conical screen, spark
catchers in the large sheet iron
smokestacks at the Daytona Public
Service plant opposite the F. E. C.
station on Volusia avenue. These
screens are continually moistened
with steam thus extinguishing danger-
ous sparks as they pass up the stacks.

Optimistic Thought.
We seldom do a kindness which, if
we consider it rightly, is not abundantly
repaid.

Evidently Knew Austin.
"My goodness!" exclaimed Aunt
Fretty. "Link Pottifer was just going
by, and he told me that Austin Mooch
went to town this forenoon and re-
turned a corpse not half an hour ago!"
"H'm!" answered Uncle Zach. "Did
Link say what Austin borrowed the
corpse for, in the first place?"—Kan-
sas City Star.

Animals Not Worth Hunting.
Lion and wildcat are seldom hunt-
ed in Panama, except by bushmen,
who wait for them alongside the
clearings at night, when they come to
raid the chicken yards. The cats have
beautifully spotted skins, but a pelt
that measures over four feet from tip
to tail is seldom found. The lion pelts
are larger, but the hair is coarse and
the plain black or tawny hides are
not pretty. Pelts of both kinds can be
purchased in the Panama market for
from \$2 to \$6.

Sympathetic Ink.
Take some pure lime or lemon juice
and write with it on paper. Then heat
the paper over an alcohol lamp and
the writing will come out brown.

To Clear Water.
To clear smoky or sooty rain water,
beat the white of an egg in a quart
cup; fill up with water, stirring thor-
oughly. Pour this into a tub or boiler
of smoky water. The water can soon
be skimmed of its dirt.

SHORTAGE OF CARS HOLDS UP WORK ON ROAD CONSTRUCTION

PROUDFOOT UNABLE TO GET SUFFICIENT QUANTITIES OF SAND AND ROCK—CONDITIONS IMPROVING, HOWEVER.

The work of laying asphaltic concrete on Beach street is again held up because of a shortage of cars in which to transport materials to Daytona, the sand from Lake Wier and rock from Tennessee.

A. C. Proudfoot, who was present at the meeting of the Commercial club last night, stated that where they could use two carloads of material a day he had been receiving on an average only three carloads a week.

He expressed the hope, however, that conditions would soon improve and that material would be received as fast as they could use it.

It developed at the meeting that a number of ties on the street railway system would have to be replaced before the work of laying the asphaltic concrete block between the tracks was begun.

Michael Sholtz, the president of the Central of Florida railway company, stated that he would have all decayed ties replaced within a week, and would already have had it done had he been notified that decayed ties existed on the system.

MR. AND MRS. E. L. KING ARRIVE TO SPEND WINTER

Mr. and Mrs. E. L. King arrived Monday night from their northern residence at Homer, Minn., to spend the remainder of the winter at their beautiful home on the river front and Peninsula drive, lower Daytona Beach.

The King children and maid arrived about two weeks ago from the Minnesota home and their peninsula home has since been prepared for the coming of Mr. and Mrs. King.

DROVE HOME IN SAXON CAR FROM OKEECHOBEE

R. L. Evernden, who went to Okeechobee by rail Saturday, returned Monday evening in a Saxon car which his brother, H. F. Evernden, had purchased for him in Okeechobee.

Mr. Evernden was joined at Fort Pierce by W. D. Stark, the well known traveling passenger agent of the Atlantic Coast Line railway, who left this morning by rail for Jacksonville.

Mr. Stark and Evernden had a great trip, they say.

With Bethlehem Steel dropping 44 points and other industrialists following in its wake, pandemonium reigned at the closing of the New York stock exchange today, due to the news of the German peace proposals.

W. M. Hankins returned Monday evening from Baltimore, Md., where he had gone two weeks or more ago for an examination at Johns Hopkins, having been threatened with what appeared to be appendicitis. The examination disclosed the fact that it was not appendicitis and he was assured that the inflammation which was causing the trouble would respond to local treatment and that no operation would be necessary. His many friends will be glad to know that Mr. Hankins is already very much improved. Mrs. Hankins and little son, W. Maxwell Hankins, Jr., met Mr. Hankins in Jacksonville Monday and returned with him from that city in the evening.

Intersectional Football Games Will Be Strong Feature In 1917

(The Associated Press.)

NEW YORK, Dec. 12.—Although the majority of the eastern college football schedules for the season of 1917 are still in the making it is evident that intersectional games will be featured to a record extent next Autumn. The popularity of these contests proved one of the outstanding features of the past fall and it is certain that they will be duplicated on a larger scale next year. If various rumors and reports have any basis in fact not only will there be more of these intersectional games, but the larger and more important colleges of the east, middle west and far west will appear upon these schedules of teams many hundreds of miles removed from their own campus.

Whatever next season's play may bring forth in the way of victory or defeat, the eastern college elevens have no reason to be ashamed of their records made in the intersectional gridiron struggles of last fall. During the months of October and November eastern teams participated in 18 intersectional games against southern or middle western elevens, winning fifteen, tying two and losing one.

In six games against the middle west five were won and one lost, when Michigan nosed out Syracuse by a score of 14 to 13. In these six contests the eastern elevens rolled up a total of 103 to 64 points. Michigan was the only team to figure in more than one game, the Wolverines playing three, losing to Penn and Cornell and winning from Syracuse.

Against the southern teams the east did still better. All told twelve games were played, of which ten were won and two tied. West Virginia held Dartmouth to a 7 to 7 score and Rutgers played Washington and Lee a 13 to 13 tie game. The total number of points scored in the intersectional contests were east, 270; south, 36, making the aggregate for the 18 games: east, 373; opponents, 100. If the University of Pittsburgh and Georgetown universities are considered as eastern combinations the score can be increased still further while if Georgetown with the southern institutions, its victory over Dartmouth, 10 to 0, gives the

south one win in addition to the two ties.

The complete list of intersectional games in which eastern elevens took part, with the dates and results, follows:

East vs. West.

Oct. 14—Colgate, 15; Illinois, 3.

Oct. 28—Tufts, 12; Indiana, 10.

Oct. 28—Michigan, 14; Syracuse, 13.

Excessive Talking.

The excessive talking in which many girls indulge is a decided element of nervous strain. I have heard of a "silence club," the members of which try to refrain from all unnecessary talking. Gushing and useless chattering is against the principle of this club. It has been said that the Japanese girls preserve their youthfulness far longer than their American sisters. They live quiet lives and do not waste their words.

DALEY DEPARTMENT DAILY NEWS THE DAYTONA

OVER COMES BACK AT W. F. BLEEKMAN

DISCUSSION OF THE PROPOSED PURCHASE OF KEATING CASINO BY DAYTONA BEACH GOES MERELY ON.

Editor Daily News: After carefully reading what is termed "Answer of Mr. Bleekman to the Oliver and Thompson Committee," wherein Mr. Bleekman attempts to mention the purchase of the Keating Casino and pier, I do not wish to mention of pier, but instead to discuss on subjects foreign to the present controversy.

Reference to Mr. Bleekman's letter relative to my stand in certain matters, I may say that, in one respect, he is perfectly right, and that I had been in the council at the time money was taken from the general fund for the full purchase price of the properties on the corner of Seabreeze and Halifax avenues. I would have done all in my power to defeat the purchase of same.

It has been the custom, whenever a street was opened for the abutting property owners to be assessed for one-third of the cost of any property that may be necessary to purchase in that street. This is shown by the fact that the abutting property on South Bath street has been assessed for the property purchased from Mr. G. Smith, also that it is the intention to assess the abutting property on South Halifax avenue two-thirds of the cost of the property bought from Mr. Marshall which was necessary to acquire to make this street possible. Why should not the abutting property on North Halifax avenue have been assessed the same as the other owners of property on other streets? The answer is very easy.

As to my honesty when speaking to the public through the newspapers, I regard to South Bath street, south of Westwick park, and as to the insinuations as to the honor and credit of H. H. Windsor and Mr. Wilder; as to myself I will only state that within the last six weeks, I proposed in open council that as something over two years ago, a petition had been presented for the opening of the above named street, and the owners of property interested had from time to time asked that something be done to give them access to their property, I would like to at least have the council order a survey and ask for bids for the grading of this street. I was informed by Mr. Bleekman that there were no funds available for this work, and by one of the other members of the council that it was a waste of good money to open a street in that scrub.

Even if Mr. Bleekman doubts whether or not Messrs. Windsor and Wilder are men or their word, I am sure that the other members of the council do not question their honesty and integrity.

There is no doubt in the world but that "Oliver" is against all improvements and the advancement of the interests of the Town of Daytona Beach. This need not be argued. Some of the statements made by Mr. Bleekman as to the widening of

the pavement on South Peninsula drive, are absolutely correct. The petition for the opening of this pavement from nine to eighteen feet, was presented and granted early last spring, with the understanding that arrangements should be made with the contractor and the county commissioners for the widening of same. Mr. Thompson and myself were appointed a committee to confer with Mr. Maley, the commissioner from this district, and see what steps should be taken in order to secure the widening of this pavement. The committee secured the desired information and reported to the council that if satisfactory arrangements could be made with the contractor, and the county was put to no extra expense, this pavement could be widened to any desired width.

There is no doubt but that I shamefully neglect to protect the interests of my neighbors in the south end of town as some time in July I went north for a two months vacation. Up to the time of my departure the contractor, to my knowledge, had not made his appearance in these parts. I arrived home one evening about September 18th, and the next morning was told by Mr. Maley that the contractor would start to lay the curb the next day, south of Silver Beach avenue, for a nine-foot pavement. He told me that the council had taken no action in the matter and that he and Mr. Conrad had both written Mr. Windsor to this effect, Mr. Windsor being the one who first advocated the widening of the pavement. At a special meeting held the night before the work was started, Mr. Bleekman stated that he knew nothing about the action which had been taken by the council although I am quite sure he was at the meetings when the petition was granted and the report of the committee was made. It is rather a peculiar coincidence that no action was taken by the council in this matter until the day before the work was to be started and that "Oliver" should have returned the day before. I am perfectly willing that Mr. Bleekman should have the credit for this improvement, and as I was out of town for two months just prior to the paving of this street, I should be censured by those interested in same.

It might be of interest to the taxpayers to know that practically all of the water works bonds are now on a five per cent basis again, and probably Mr. Bleekman should have the credit for the saving to the town of this \$225.00 each year for the next 18 years, although I do believe that this movement was started while Mr. Bleekman was out of town.

It is amusing and interesting to note that Mr. Bleekman would like a councilman from this end of town who would have the interests of the whole town at heart (and especially be in favor of the casino).

Mr. Bleekman is evidently worried at this time. Some one once told me not to start anything I could not finish. In answering Mr. Bleekman's letter, you will note that I have not had to mention pier and casino but once.

DAYTONA BEACH

The new beach transfer bus which was slightly damaged in a collision Sunday at the corner of Bay street and Beach street, Daytona, is now repaired and will be in use in transferring people from the depot to the beach today.

Mr. and Mrs. James Page, of Dexter, Mich., arrived Monday afternoon to visit at the home of their nephew, Dr. Milton P. Guy, on Hollywood avenue, for the winter. Dr. Dean T. Smith, of Bay street, Daytona, is also a nephew of these people.

The Central of Florida Railway company caused much grumbling among motorists yesterday when their right of way on First avenue and Peninsula drive was sprinkled with crude oil. This oil is very detrimental to rubber tires. This morning, however, it is well absorbed by the marl roadbed.

Early this morning two sail boats passed down the coast. One was a three-masted schooner which was taking in toward shore with the strong northwest wind. The second boat was a smaller vessel of the old square rigged type, probably a fishing boat which came into sight for a half hour, when she veered in on the wind.

Mrs. John L. Brennan and daughter, who arrived last Wednesday from their northern home in Harbor Beach, Mich., and who have been staying at the Daytona Beach hotel on Ocean avenue, are now opening and preparing their cozy bungalow home on Peninsula drive for the arrival of the rest of their family. Mr. Brennan and sons are motoring south from their Michigan home and are expected any day. Their bungalow was built for them last winter.

MAP MAKERS LEAVE FOR OTHER POINTS AFTER SIX WEEKS STAY

G. T. Bowler and R. M. Batchelder, who have been staying at the Daytona Beach hotel for the last six weeks and who are in the employ of the Sanborn Map company, of New York City, left Monday afternoon for Lakeland, where they will be engaged in similar work. The Sanborn Map company makes maps of towns in all parts of the country for various insurance companies, so that these companies may adjust proper rates.

During their stay here, these two men have made many friends among the young ladies and men and all are sorry that their work now takes them away.

little daughter, Miss Helen Potter,
who has been here for several weeks
attending the Seabreeze school.

THE RAYMOND HOTEL

LEASED FOR SEASON

One of the most important lease
transactions made this season, was
consummated this morning when Mrs.
Anna L. Harvey, proprietress of the
Hotel Royal, of Asbury Park, N. J.,
leased from Lucas the Land Man, the
Raymond hotel of Seabreeze. Mrs.
Harvey comes very highly recom-
mended as an experienced and com-
petent hotel manager, and will bring
to this part of the country many of
her summer resort people who always
stop with her at Asbury Park. The
Raymond, being practically new and
newly furnished, with all modern con-
veniences, and located so close to the
beach and so near the Clarendon, with
such accomplished management, will
no doubt receive a most liberal patron-
age.

O. J. Longe, known to his boyhood
friends as "Ollie", is visiting Daytona
for the first time in over 22 years,
and it is needless to remark that he
feels strange, so great has been the
change in the city during the nearly
a quarter of a century that he has
been away. Mr. Longe spent his boy-
hood in Daytona, went to school with
several of the present-day business
men of the city and in his youth was
associated with his brother, Jesse
Longe in the grocery business at the
present location of the store of Dr. S.
W. Carroll. Mr. Longe went west af-
ter leaving Daytona but more recently
has been in Cuba.

**RESULTS OF
COMMERCIAL CLUB**

**COMMISSIONERS TRANSACT SEV-
ERAL MATTERS OF GENERAL
INTEREST AT MEETING MON-
DAY AFTERNOON.**

A communication from the Daytona
Commercial club containing three sug-
gested resolutions was read and con-
sidered Monday afternoon at the reg-
ular weekly meeting of the city com-
missioners.

The first resolution; that the com-
missioners set aside \$2,500 for "Mus-
ic" in the 1917 budget, was laid over
for future consideration. The second
resolution asked that the city pay one-
half the cost of a large electric sign to
be placed at the F. E. C. railroad
station. It was deferred because the
street department has insufficient
funds at present. The third resolution
that the city pave Orange avenue as
far west as the east side of the post-
office lane, with asphaltic concrete,
was refused because the sewer connec-
tions have not been placed, thus mak-
ing such an action impractical.

The commissioners passed two
resolutions by which the city pur-
chases on contract from the Austin
Western Machinery company, of Chi-
cago, Ill., a combined 10-ton road roller
and scarifier for the sum of \$3,344,
\$800 of which is to be paid cash and
the remainder in two instalments of
\$1,272 on June 1, 1917 and June 1,
1918; also a two-speed sprinker-
sweeper with a hickory broom, for
\$471, to be paid in instalments.

A petition, signed by residents of
Magnolia avenue, west of Ridgewood,
asking that the present arc lights on
their street corners be changed to in-
candescent lights and distributed
along the street was referred to the
commission of public works.

A number of routine bills were al-
lowed as read and a communication
regarding new prices on fire hose was
referred to the commissioner of public
safety. Bills to the amount of \$2,596.
82 of the city water and sewerage de-
partments were approved and paid.

**REPRESENTATIVES OF
JOHNNY JONES SHOWS
DAYTONA VISITORS**

F. G. Scott, and E. A. Kennedy, of
The Johnny J. Jones shows, passed
through the city this morning en route
by automobile to Orlando. The lat-
ter city is the winter quarters of the
Jones company, which closed its reg-
ular season at Jacksonville last Sat-
urday.

Since leaving Daytona last March,
the Jones aggregation has traveled
extensively through the north and
West, playing the big state fairs of
that section. Seventy-two hundred
miles have been covered by the show
and sixteen states traversed.

The Jones Exposition is slated to
appear in Daytona again in February
and Messrs. Scott and Kennedy state
that an entirely new aggregation of
amusements will be seen. Among the
new features Johnny Jones now has
are Capt. Sedell's deep sea divers,
autodrome, midjet village, miniature
speedway and a sensational new de-
vice called "Witching Waves."

Jones has also purchased a new
carroussel, said to be the handsomest
in portable use and a 1917-model Big
Eli pleasure wheel, an improvement
over the old style Ferris wheel.

**FLANDERS' YACHT,
"NAHMEOKA," AT
SO. BRIDGE DRAW**

The 56-foot yacht, Nahmeoka, owned
by Walter E. Flanders, of the Max-
well Motor Car company, of Detroit,
Mich., stopped last night at 11:00 ty-
ing at the South bridge draw for the
night.

This beautiful yacht is 21 feet beam,
and 8 feet, 4 inches deep, having a
draft of only two and a half feet,
which makes it a very suitable craft
for navigation in Florida waters. The
boat was designed by J. Trumpy and
built by the Mathis Yacht Building
company, of Camden, N. J. It was
launched in 1913 and is beautifully
appointed with modern comforts and
conveniences.

The yacht comes now from New
York where it was recently purchased
from H. N. Baruch, and is in charge
of Captain Chas. Jarratt, who is taking
it to Miami, where it will be used
during the winter.

ANNA MAY.

Who's Who in Governor's Family.

(By Lucille R. Smith in Palm Beach Post.)

When the name of Charles Evans Hughes was first proposed as president of the United States, society reporters everywhere were kept busy hunting up details regarding the family of the man who had just leaped into the limelight. Habits, mode of living, favorite sports, manner of dress, all carried a significant story to be disseminated to an evercurious and interested public.

Now that it is known that President Wilson and his beautiful Southern wife, of whom so much has been said and written, are back at the White House for another regime, attention is diverted to some of the lesser stars of the political firmament and the families they will take with them in their hike toward fame and glory.

Florida and its people at this time are much interested in the newly elected chief executive and his family. The fact that the Hon. Sidney Johnston Catts and his democratic wife have six children but adds fuel to the desire. The Catts family has resided in DeFuniak Springs for

several years and those who know them well say their home life is close to ideal. Mrs. Catts is a highly educated woman and a lovable one. The responsibilities of rearing and training a large family and the years of service she has seen as a minister's wife have placed their stamp of dignity upon her, but with all her home duties she has kept abreast of the times. Her faith in her stalwart husband's ultimate victory in the gubernatorial race and the help she gave him through her interest and sympathy are none the less commendable for their naturalness. Not a single press comment made during the three years' campaign he conducted for the governor's chair has escaped her notice. His numerous talks to school children she read with avidity.

Quiet and unassuming, but with a ready wit and natural grace that quite distinguished her, Mrs. Catts will no doubt become instantly popular with those in whom she comes in contact in her new exalted posi-

tion as the first lady of the sunny land of Florida. Her official debut in January, when she will preside over whatever social affairs may be given at the executive mansion in Tallahassee after the inauguration of the new governor, is being pleasantly anticipated.

The broad smile of the genial Mr. Catts and the humorous twinkle of his single bright eye (a severe illness years ago caused the loss of the right orb) have lately become well known to Floridians.

Governor-elect Catts, who, by the way, is 53 years old, but doesn't look it, is a graduate of the University of Alabama both in theology and law. He has been a Baptist minister for many years, retiring from active service but recently. His splendid physique detracts nothing from his decisive way of saying things, and his democratic (speaking unpolitically) nature has won him many friends.

The children number six—three sons and three daughters. The eldest daughter is Mrs. K. R. Paderick, and the others are Miss Ruth Catts and Miss Alice May, an attractive school miss of 13. The sons are Douglas Catts, of Birmingham, Ala.; Sidney J. Catts, Jr., of Wildwood, Ga.; and the youngest, Rosier Catts, of DeFuniak Springs.

THE VALUE OF ART.

(ALODIA HUTCHISON.)
Public School Teacher.

In this day and age when the majority of us are chasing phantoms of the "Almighty Dollar", we give little thought to art unless perchance our sight is attracted to a piece of art by a pure thought, or we catch the inspiration of the artist.

Every piece of art breathes some suggestion of labor, purity, love and hope of a fairer creation, and as this breath goes forth it exhilarates and awakens in the beholder the same sense of universal relation and power. With this sense of relationship awakened or stimulated in us, we go forth with a clearer vision, a more definite purpose to fulfill our daily duties.

Many things are needed to keep our hopes and ambitions high. A flower, the song of a bird, the laugh of a child, or beautiful pictures all aid to inspire us to live nobler and truer lives.

Very often children become tired of book study, and their gaze will wander about the room. If while their gaze is roving, their thought is attracted to a beautiful picture which stirs the finer elements of their being, is not this picture fulfilling its purpose? To be sure it is, for it will continue to have greater messages each time an individual looks at it.

Then let us all do our small part, thus making it possible for each child to be able to have a memory of one picture in his consciousness.

Daily Thought.

If a man be gracious and courteous to strangers, it shows he is a citizen of the world, and that his heart is not island cut off from other lands, but a continent that joins to them.—Bacon.

Obvious Advantage.

"Do you think riding in an automobile is advantageous considered from the standpoint of health?" "Of course. There is a great physical advantage in being one of the people in automobiles instead of one of those who have to dodge to avoid being run over."—Washington Star.

Phenomena of Sleep.

The myriad phenomena of sleep, of insomnia, of dreams, of somnambulism, of somniloquism (sleep walking and sleep talking) are inextricably interwoven, and from the beginning of human reason have been among the most fascinating of studies, though always baffling and evasive. In lieu of any clear definition of sleep physiologists say that it is induced by an increased absorption of oxygen, our inhaling gas, with an increase of the exhalation of carbon dioxide, the latter being the transformation from oxygen in the process of breathing. The physiological results are slower and more regular respiration, slower pulsation, lowered blood pressure, the glands of the skin more active and cessation of voluntary muscular activity.

RECENTLY PURCHASED BUSINESS; ARRIVES WITH FAMILY

Charles L. Wagner, of Fonda, N. Y., who recently purchased from Thos. States the business of the Every Hour Tea and Coffee company, arrived Sunday afternoon, accompanied by his wife and little son, Thomas L. Wagner, and his mother, Mrs. Cora L. Wagner and they are temporarily with Mr. and Mrs. Frank D. Spring, 12 Ivy lane. Mr. Wagner and family came south on the Clyde line steamship Comanche and motored down from Jacksonville in their car. Mr. Wagner owns and conducts a restaurant business at Fonda. He will both wholesale and retail teas and coffees at his place of business on Ivy lane. Mr. Wagner visited Daytona for about a week last September and was so well pleased with the city that he decided to get into some business here with the idea of making it his home.

ASSISTANT SECRETARY OF THE TREASURY SAYS TO HOLD FOR SIGN TRADE IS PARAMOUNT IDEA OF THE HOUR.

(The Associated Press.)

NORFOLK, Va., Dec. 14—Predicting
that the American manufacturer would
be able to compete on equal terms
with European manufacturers in the
foreign field after the war, Andrew J.
Peterson, assistant secretary of the
treasury, spoke today before the South-
ern Commercial congress. "Our for-
eign trade has reached heights hith-
erto undreamed of," he said. "To hold
it is the paramount idea of the hour."

The cost of production in Europe
by reason of war taxes would be no
much higher than in the past, he said,
offsetting the advantages in the na-
ture of commercial agreements, gi-
gantic combinations and governmental
assistance, which European manufac-
turers would have.

Mr. Peterson declared the American
manufacturer would be further en-
couraged to make a bold fight against
his competitors by the attitude of the
United States government which was
eager to co-operate with him in the
expansion of his foreign trade by pro-
viding the necessary legislative ma-
chinery to enable him to compete on
equal terms.

Stores Have "Mothers."

The "store mother" is the latest
method to be adopted by the large
stores to make store girls feel there is
someone to look after their welfare;
she also helps make a girl feel the
store which employs her is not a
huge selling machine, but an institu-
tion with heart and feeling, says the
Philadelphia Record. The newcomer
without a home or a suitable boarding
house, few friends and no definite aim
in life is turned over to the "store
mother," who treats each case in an
individual manner, analyzing the re-
quirements of each. A suitable board-
ing place is found at a price she can
afford to pay; she is introduced to
other girls of about her own age and
station. Reading good books from the
store library is another diversion sug-
gested by the "store mother," as are
classes in fancy work, sewing and
cooking, all taught by the mother,
who is, as a rule, selected for her good
sense, acting well the part of mother
to all the girls of the store family.

A FAMOUS VICTORY

By F. A. MITCHELL

A young man within the German lines in Alsace knocked at the door of a cottage. A girl came to the door, and he asked her if he might be accommodated for the night which was coming on. She called to her mother in the German tongue. The young man knitted his brows. He had expected to find French inmates.

The mother came and spoke to the stranger, speaking French with a German accent. He told her that he was traveling and since there was no other house near either she must admit him or he must bivouac for the night. She consented to admit him.

The young man was about twenty-two years old and handsome as a picture. A winning smile began to play about his lips the moment he spoke to the girl, and his eyes indicated his admiration for her. He said nothing about the terrible war that was going on nor did his hostess or her daughter. Nevertheless he assumed that they sympathized with the German cause. For France's lost province has at least as large a population of Germans as French. As to the young man, he was plainly French.

Now, though these persons did not talk about the war, it was evident that the visitor, being a Frenchman within the German lines, was living with a sword suspended over him. True, the country near about was not occupied by troops except in small bands, but any German soldier meeting a Frenchman there would require him to give an account of himself. At bedtime the stranger took a candle and went to the room that had been assigned him, locked the door after him and went to bed, but not to sleep. There was that on his mind that precluded sleep. Life was on the one hand, death on the other. He was liable to be clutched by death.

The girl about midnight, armed with a pair of pliers, went to the guest's door and, feeling with her implement for the end of the key, finally succeeded in turning it. Opening the door, she stole into the guest's room and to a chair beside the bed on which he had put his clothes. She was about to withdraw them when she felt a hand on her wrist.

"Let me go," she said in a low voice. "Certainly," said the visitor. "You have doubtless made a mistake in the room."

He released her, and she withdrew. He knew well what her object had been in trying to take his clothes. She suspected he was a spy and that in his pockets would be found papers containing information he was taking to the entente allies.

In the morning when he came down to breakfast and bade the girl good morning his face wore that same winning smile. She did not respond, evidently steeling herself against him. When he started on his journey she had on her hat and coat and gloves.

"I am going with you," she said.

"I am delighted."

"You are a spy, and I intend to turn you over to the first German officer we meet."

"Oh, no, you won't!"

"Why not?"

"Because they would stand me up and shoot me."

"I have considered all that."

"But when it comes to seeing me shot down you will regret what you have done."

All this the Frenchman said with that same irresistible smile on his lips.

"Give me the papers you are bearing and you may go free for all me."

"It is beyond your power to free me."

"Why so?"

"You have made a prisoner of my heart, and my heart will not be released."

It was evident that the shot had hit. The girl was winged. But she was not ready to surrender.

"My feelings may drive me one way, but my duty is driving me another. I am capable of sacrificing my feelings to my duty."

"Then do so."

The only weapon he carried was a revolver. Taking it from its holster at his hip he tossed it to her. It fell at her feet. He folded his arms and stood looking at her with that smile which was having the same effect upon her that the eye of a serpent would have on a bird.

"Do your duty to your fatherland. The papers you wish are on my person, but you shall not have them without first killing me."

She was not yet conquered. Taking up the weapon she cocked it, advanced to within a few feet of him, put the muzzle against his breast and said:

"Give me the papers or I will sacrifice you to my duty."

"I love you," was his only response.

"Once more, give me the papers."

"Once more, I love you."

They stood, the eyes of each fixed on those of the other. The battle waxed hot, but not with weapons of death. It was a fight of love against duty. Without that smile duty might have won.

Presently he saw victory for himself, defeat for her. Disregarding the weapon against which his heart he cried:

Optimistic Thought.

He who plays a trick must be prepared to take a joke.

Value of Yawning.

A good yawn, medical experts say, is excellent for the lungs, and for all the breathing organs as well. But there is an art in yawning, just as there is an art in breathing. Every yawn should be as deep as possible, so as to bring all the muscles of the throat and chest into action, and also to fill the lungs with a current of fresh air.

Tells Disease "Eyemarks."

Did you ever hear of the "eyemarks" of a disease? Neither had some of the St. Paul optometrists and opticians until they listened to a recent lecture by Dr. Frank J. Pratt of Minneapolis, who told them that more than seventy diseases can be detected by looking into the eyes of patients. These "eyemarks," Doctor Pratt said—only he didn't use that expression—often point out a disease before the patient himself is aware that he is ill. Persons often seek relief from supposed difficulty with their eyes when the real source of the trouble is the kidneys, stomach or some organ far removed from the optic regions, he said.

When he went his way with his papers, the girl turned to the door. The smile of duty had given place to an all absorbing love.

How It Happened.

Editor—"I am told that in your account of that Frenchman's wedding you actually mentioned the groom's name. Don't you know that is contrary to custom?" Reporter—"Yes; I'm sorry, sir, but you see it happened to creep in among the out-of-town guests."—Life.

Nothing Weak About That.

"Curiously and acquiescently abnormality large," said the phrenologist, examining the woolly head of Sam Snow, colored. Sambo rolled his eyeballs and showed two rows of white ivory. "Intuitiveness, causality and conscientiousness small; which, with your weak mouth, indicate—" "Don't ya be so sh' 'bout me habin' a weak mouf. I kin crack nuts in ma teef."

Modern Plays Must Be Costly.

"I have here an idea for a play," said the moving picture author to the producer. "In the first reel an oil tank blows up, in the second an entire railroad train falls into a gorge, in the third a huge steamer sinks at sea, in the fourth a volcanic eruption destroys a city and in the fifth we have a battle scene calling for 10,000 supernumeraries." "Entirely too small for me to fool with," said the producer, doing some rapid figuring with a pencil. "That play wouldn't cost more than \$5,000,000 to stage and I'm not considering anything that involves an expenditure of less than \$20,000,000. The trouble with you authors is that you have no imagination."—Judge.

Lotteries Popular.

Lotteries seem to have been very popular in Philadelphia in the old days, and year after year big drawings were held in the Quaker city. In Franklin's Pennsylvania Gazette of February 22, 1759, there was a big advertisement which advocated a lottery to raise \$1,200 for the finishing of the English church in New Brunswick. From 1761 on lotteries were so common in Pennsylvania that the law forbidding them almost became a dead letter. Almost the whole community speculated in tickets, and the objects for the numerous schemes were extremely various. In 1834 a society was formed, named "The Pennsylvania Society for the Suppression of Lotteries."

Dr. E. C. Rosenow, of Rochester, Minn., had been interested when word came from city that Dr. Edward C. Rosenow, head of the Hutchinson Hospital, most of the Mayo foundation.

Rochester, Minn., had been interested in isolating the germ which caused judging from the inevitable results of many experiments, to the cause of infantile paralysis.

One important result of Doctor Rosenow's work here during the summer—he went back to Minnesota only a few days ago—was the discovery that invariably the germ which he had isolated was found in the tonsils of children suffering from infantile paralysis. Doctor Rosenow's experiments here showed that children suffering from poliomyelitis who were not making a good recovery showed striking improvement after the tonsils had been removed.

Optimistic Thought.

A wise man pays homage to worth; a fool to wealth.

Copied Language.

Colleges and books only copy the language which the field and the work-yard made.—Emerson.

Puzzle for Papa.

Small Sadie's father is a traveling man, and during his absence a new baby arrived. Upon his return Sadie met him at the door and exclaimed: "Oh, papa, you can't guess who was born while you were away!"

No Enchantment in Music.

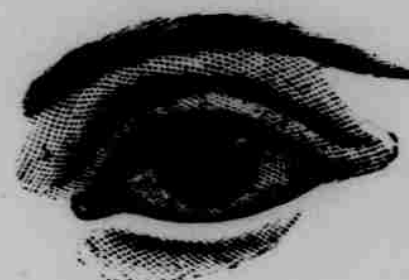

Last night a woman flat dweller had two concert tickets to give away. To person after person living in an apartment house where she had many acquaintances the tickets were proffered and were declined with thanks. "What ails all those people, anyhow?" exclaimed the woman in disgust. "Have they no music in their souls?" "They have," said a friend, "but one of the violinists who plays in that orchestra lives in the building and you couldn't hire one of his neighbors to go to hear him. Their case is by no means exceptional. I have tried to give away concert tickets myself, and experience has taught me that of all people in New York who adjure concerts none stay away quite so religiously as those who live next door to one of the performers."—New York Times.

With the exception of Rosenow, it is the only way that the germ of the disease can be isolated. The germ is the only one that can be isolated. The germ is the only one that can be isolated.

And Rosenow, who has been working on the germ of the disease, has been working on the germ of the disease.

Paul Whitman, the Brooklyn musician, expressed a desire to have his name on the program of the 1911 concert given by the orchestra at the Brooklyn Academy of Music. He began to insist on his right to be on the program, and when he was refused, he threatened to withdraw his name and that of his orchestra.

NEW YEARS' BALL PLANNED TO RAISE FUNDS FOR MUSIC

EVENT WILL TAKE PLACE ON
NEW YEAR'S NIGHT—AN OPPORTUNITY TO CONTRIBUTE TO MUSIC FUND.

Realizing that many persons who do not feel financially able to contribute toward the music fund in any great amount but who would be willing to patronize a public event to the extent of buying tickets, the committee appointed some time ago by the Commercial club, has arranged for a ball at Casino Burgoyne on New Year's night.

It is the plan of the committee to make the ball one of the largest affairs ever held in Daytona. The tickets will be 50 cents per person and it is the plan to have a number of popular young ladies dispose of tickets, the one selling the greatest number to be awarded a handsome watch.

The music fund is still short in the neighborhood of one thousand dollars and it is thought that a great part of this amount can be provided by the receipts of the New Year's ball.

SHEPPARD BOOSTING FOR CONVENTION OF STATE TEACHERS

DeLand, Fla., Dec. 12, 1916.
Editor Daily News: I note with a great pleasure that Daytona will extend to the Florida Educational association an invitation to hold its 1917 convention in that city. For two or three years I have wanted to invite the association to Volusia county, but fearing that the people of either DeLand or Daytona might consider me too assuming, and that perhaps the time was a little inopportune, I have never done so. However, since Daytona has taken the initiative I want the people to know that I am doing everything I possibly can to assist them in landing the next meeting.

I am personally acquainted with every county superintendent in Florida and many teachers. I am at present carrying on a campaign by mail on behalf of Daytona, and shall continue to do so until the time the association meets in Arcadia. I am in receipt of several very encouraging letters from leading educators over the state. With the proper co-operation of the several organizations in Daytona, I feel sure the association can be landed for next year.

Permit me to suggest to the various organizations of Daytona that each elect at least one representative who will attend the convention for not less than two days prior to the business meeting. Ordinarily the place of the next convention is settled even before the business meeting is held, as each town wanting the convention usually has a line up.

Representatives sent by these organizations to this convention will be seated as regular members of the Florida Educational association, upon the payment of a fee of \$1.00. They may then have a vote in the convention.

Permit me to suggest that the names of those representatives be given to me at least ten days prior to the date of the convention, December 27th, in order that I may have the same entered upon the roll. There will then be no question as to seating the representatives, after the fee of \$1.00 has been paid.

In conclusion allow me to thank the people of Daytona for their interest in this matter, and to assure them that the board of education and the county superintendent will do everything possible to assist in, not only bringing the association to Daytona, but also in entertaining it and making the session a grand success.

Yours very truly,
C. R. M. SHEPPARD,
Superintendent.

TELEPHONE COMPANY IN WOEFUL DISTRESS

The East Florida Telephone company is in trouble. In other words its cable laid under the asphalt on Beach street is still in trouble and the company can't get at it to make the necessary repairs. Permission has been asked of the contractor, F. G. Proudfoot, to tear up the street so as to get at the cable. Mr. Proudfoot has refused the request, the street not having been yet accepted by the county.

The Commercial club at its meeting Monday night protested to the county commissioners against allowing the street to be torn up, and there you are. The commissioners will hardly allow the company to ruin the street just to save its cable. It may be that the company will be obliged to abandon the cable.

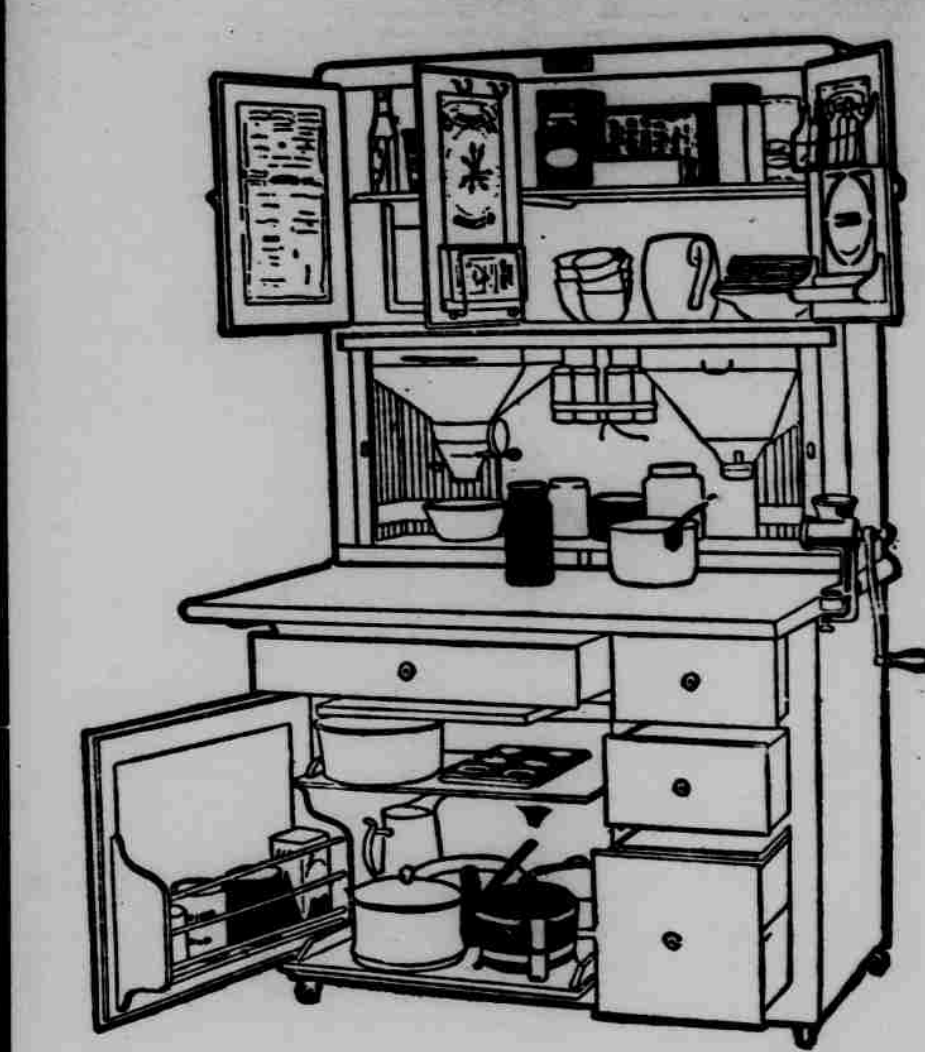

CHAIRS ARRIVE AT LAST FOR MEMORIAL LIBRARY

SHEPPARD SENDS TO TEACHERS GREETINGS OF YULETIDE SEASON

County Superintendent of Public Instruction C. R. M. Sheppard has addressed the following communication to all teachers of Volusia county:

DeLand, Fla., December 6th, 1916.
To Volusia County Teachers—Christmas Greetings:

At the recent meeting of the board of public instruction it was ordered that all schools in the county shall close for the Christmas holidays on Friday, December 22nd, and reopen on Monday, January 8th, 1917.

Any school which will lack not more than two days of completing the current month by that time, may teach the two Saturdays, December 16th and 23rd, provided the consent of the local trustees is secured.

A teachers' pay roll will be made up Thursday, December 21st. Warrants will be held by this office until the teachers' reports have been received. If you want your money before the holidays be sure to make out your report promptly and mail it so that it will reach me not later than Saturday, December 23rd. Teachers whose current month of school cannot be completed before the holidays, may make a written statement as to the number of days each teacher has taught; warrants will be issued to cover such time, not to exceed two weeks, leaving a balance of two weeks to be paid for at the January meeting of the school board.

The State Teachers' association will convene at Arcadia on December 27th, at 7:30 p. m. The meeting promises to be very interesting and the board urges every teacher who possibly can to attend. To encourage teachers to go and to assist them in paying expenses, the board will allow each teacher who attends \$5.25 towards expenses, this amount being the round trip fare from DeLand. In order that you may receive this amount at the January meeting of the school board, you should, while in Arcadia, hand to the county superintendent your name and the number of sessions attended during the association.

We expect to extend to the association an invitation to hold its 1917 meeting in Daytona. We feel that it will be an inspiration to the people of Volusia county, and especially those in Daytona and vicinity, as well as the teachers of the county, to have the association meet with us. We need your help to bring the next meeting to Daytona; we therefore urge that every teacher who possibly can do so, attend the meeting at Arcadia, and in addition to spending a very pleasant

and profitable week, assist in boosting for your home county. We should have a delegation in attendance upon this meeting of at least from fifty to seventy-five teachers. Let us all meet in Arcadia, enjoy a pleasant week, and show the educators of Florida that Volusia county is also on the map. Attendants who are not teachers, but who enroll and pay the annual fee of \$1, may become members of the state association. We should be very much pleased therefore, to have citizens who are interested in education, attend this meeting with us. Please advise me if you will go to Arcadia, as hotel reservations must be made at

least ten days in advance.

I trust that the closing year has proven to everyone of you everything hoped for in the beginning. I sincerely hope that every good resolution made at the beginning of the year and carried out has been worth to you the effort required to execute it.

We believe the teachers of Volusia county to be the best, most honest, conscientious workers in the state, and we hope that the closing year passes behind us leaving with each a clean conscience of a duty well done. May the New Year open brighter and with better prospects for each than has ever been experienced before. Let

us all resolve to make every better and in doing so brighten the pathway of those with whom we in contact each day.

The board of public instruction tends to its teachers a wish for Merry Christmas and a bright, Prosperous New Year.

Fraternally yours,
C. M. SHEPPARD,
Superintendent.
